

MANLEY WINE ESTATE

## MANLEY PRIVATE CELLAR PINOTAGE 2020

### VINTAGE

---

The weather conditions during the 2020 vintage were very optimal for the vines. In the cellar, the wines have shown well-developed primary characteristics from the grapes themselves. The recorded wind during the flowering and berry-set stages was the major foundation for smaller berries, offering an intensive extraction from the grape skins that provided deeper and more structured wines.

### DESCRIPTION

---

This wine is showing notes of blueberry, black cherry, violets, and slight leather characters. On the palate, the wine is very well complemented with earthiness and cocoa notes. The tannins are very well balanced and velvety with a good length.
